APPROVALOF STATE E	NGINEER
This is to certify that I have examined the foregoing application, an	d do hereby grant the same, subject to the
ollowing limitations and conditions: This permit is issued su	bject to all existing rights on
lowance and that the final water right obtained under	this permit will be dependent
on the amount of water actually placed to beneficial	use. It is also understood that
is right must allow for a reasonable lowering of the	static water level at permittee's
11 due to other ground water development in the area.	A substantial weir or other
pe of measuring device must be installed and measurem	ments of water use kept. The
ll shall be equipped with a 2-inch opening for measur	ing depth to water. If well
flowing, a valve must be installed and maintained to	prevent waste. The State
tains the right to regulate the use of the water here	in granted at any and all limes.
he amount of water to be appropriated shall be limited to the amount wi	nich can be applied to beneficial use, and
